ABOUT ME

I am a passionate and dedicated Front-End developer who has actively pursued learning and working in this field over the past few months. Driven by motivation and perseverance, I initially built a solid foundation through self-directed study, and I am now focused on deepening my expertise in React while developing practical projects to strengthen my technical skills. I am eager to collaborate within professional teams, with the long-term goal of becoming a highly proficient developer in the software industry.

SKILLS

React

JavaScript

bootstrap

CSS

HTML

Fetch API

Git

scss

responsive design
